HOW DO I SUBMIT A VENUE LISTING?

First up – Check that we don't already have your venue by searching for it on list.co.uk. We actively research venues all the time, so even if you haven't told us about it yet, we could already have your details.

If we already have it, you can add your own images, editorial, social media, videos, reviews, links and more by clicking on the link:

TOP TIPS

Enhance your description as more information becomes available. Got a great new review? Then why not link to it!

Better information means your listing will stand out from the rest. It will also help it be more easily found by search engines

Be factual and informative in your descriptions. Be honest. People are unlikely to believe that your back-packers hostel is in fact more comfortable than The Ritz.

Give the place as many relevant tags as possible. If your restaurant serves Bangladeshi, Northern Indian and Asian cuisine then say so - don't just tag it as indian!
